

A few days ago we were asked by a prospective buyer to find out if a certain home in North Anderson was for sale.

When approached, the owner answered—"Yes, I'll sell for a \$1,000.00 profit and build another in North Anderson right away."

URGES ANDERSON TO PLANT SOME TOBACCO

SAYS THAT THERE IS MONEY IN CROP

EXPERT'S VIEWS

Says That Tobacco Can Be Raised on a Large Scale in Anderson County at Good Profit.

According to a letter received in Anderson yesterday, it is possible to raise tobacco in this section of the State and at a decided profit as well. The letter says that Anderson county land is well adapted to the raising of tobacco and the expert furnishing the information says that this county will find that the industry is a paying one if the farmers of the county ever take to the idea.

The letter sent here was written by L. L. Clark of Mars Bluff, and he says that he is familiar with all the details of tobacco planting and he is willing to come to Anderson and instruct the Anderson planters in the work of raising tobacco, if any of them care to take hold of the proposition. He agrees to come here and visit each of them once a day until the crop is harvested and cured, provided a certain number of farmers will go into the work.

The letter says that tobacco is sure to bring a good price during the coming year and that all Anderson farmers would realize a good profit off their investment should they go into the tobacco raising industry. Mr. Clark says that he knows a number of farmers in Florence county who sold their tobacco crop this year as high as \$218.00 per acre and that he has known the best and brightest tobacco to bring as much as \$400 per acre.

The Florence man says if the chamber of Commerce here can manage to interest Anderson farmers that he will come to Anderson and will assume charge of the work in time to get the next year's crop planted. He says that he can furnish references showing that he knows his business and is well equipped in his line.

FRENCH REPORT A GOOD DAY

Claim Two Attacks Were Repulsed With Heavy Losses to the Germans.

(By Associated Press.)
PARIS, Nov. 14.—The following official communication was issued tonight by the French war office:

"From the north sea to Lille the day has been good. Two attacks by the enemy, one to the northeast of Zonnebeke, the other to the south of Ypres have been repulsed—the latter with heavy losses to the Germans. "Between the canal of La Basse and Arras, and in the region of Lihons the enemy has made two attempts, without result.

"There is nothing else to report. "M. Polo de Bernabe, the Spanish ambassador at Berlin and in charge of French interests, having been authorized to visit a camp of prisoners of war in Germany, the minister of war has, by a reciprocal measure, authorized Myron T. Herrick, the American ambassador in France, to visit all the prisoners' camps where Germans are detained in French territory. Mr. Herrick has begun these visits this week."
